Dr. Patten has been a Mason for over fifty years and is now a member of King 124.

introduced a resolution yesterday to authorize an inquiry into what will be the status of sugar importations from Cuba under the new Underwood tariff

It is claimed that while Congress re-pealed the proviso of the exicting reci-procity treaty with Cuba stipulating that a 20 per cent preferential rate given the island shall be based on the rates named in the Dingley bill of 1897, a grave mistake was made in not repealing the act of Congress passed to put the treaty itself into effect.

CONGRESS MAY TAKE UP CASE OF CAPT. CLARK

Representative Kahn May Bring Matter Before House Military Affairs Committee.

National Defense League Acts, and Secretary Garrison and Maj. Gen. Wood Will Be Consulted.

It is probable that the case of Capt. Thomas R. Clark, pay department, N. G. D. C., who has tendered his resignation as an officer of the local National Guard, will be taken up by Congress. Capt. Clark resigned because of a ruling by John Skelton Williams, assistant secretary of the Treasury, that time taken off for National Guard duty in addition to the regular thirty days would be checked against his efficiency record.

The case of Capt. Clark has been taken up by the National Defense League. Representative Kahn of California, chairman of the league, announced today he will take up the Clark case personally with Secretary of War Garrison and Maj. Gen. Wood, chief of staff.

"As the government is trying to build up the National Guard it seems strange that an official of the administration should take the attitude concerning the service of government employes in the National Guard that the Treasury officials have taken," said Mr. Kahn. "No young man in government employ in Washington should have his efficiency or promotion records marred in any way for time taken from his duties when this time is spent in the service of the District National Guard. These young men are serving the government as faithfully and efficiently when they give their time to the District of Columbia National Guard as when they are doing other work for the government in the various

Case May Reach Congress.

It was said today that Representative Kahn, who is the ranking republican member of the House committee or military affairs, and who has always been an advocate of a strong Army, Navy and National Guard, may take the Clark case before the committee, and that a bill will soon be introduced in Congress to prohibit discrimination against national guardsmen in the government service.

The chamber of commerce of the state of New York, it is explained, recently recommended that all members of the National Guard of that state be allowed by their employers fourteen days in vacation time of the employe. The chamber also recommended that national guardsmen who had been honorably discharged from the service, or who are in the military service, be preferred in

Winfield Jones, secretary of National Defense League, today presented the action of the New York chamber to President D. J. Callahan of the Chamber of Commerce of the District of Columbia, and urged that the executive committee of the Chamber of Commerce make similar recommendations well as those of their boys. They also hold a reception on New Year.

Mrs. Franklin K. Lane will not recommendations regarding employes in Washington who are members of the National Guard of the District. This matter also will be presented to the executive committee of the Board of Trade at its next meeting, it is said.

No Discrimination, He Says.

Assistant Secretary Williams of th Treasury, whose ruling was responsible for the resignation of Capt. Clark, declared that "there is no discrimination Guard. We believe in the National Guard and are impressed with its importance. I Hoover. am not speaking of the Clark case, but | There were about sixty young people i will say that in the case of men in the government service who have joined the militia with the sole purpose of obtaining extra vacation with pay they will not be encouraged. There have been numerous cases of this-very many, I am told-in the government printing of-

Adjt. Gen. Parmenter of the District "Capt. Clark's resignation has been received and has been returned to him for a more detailed explanation of the reasons which brought it about. I should like to see a copy of the decision by Mr. Wil-

liams before taking any action. "The matter is of especial interest in Washington, where, of the 1,118 members of the National Guard, 563 are in the federal employ. Of the 139 officers, eightythree work for the government. If it should turn out to be that the officers and men of the guard who give their time for this military service without recomwould mean that we would lose a large per cent of our officers and that the local organization practically would be dis-

tending constructor at the works of

Scheme for Self-Improvement to Be gin With New Year.

The schoolmaster will be abroad on shipboard all over the world wherever the American flag flies over a warship. with the advent of the New Year. Secretary Daniels has promulgated an order putting into effect his new educational system on New Year day. Thereafter, for an hour and a quarter every afternoon every en isted man on the warships will be engaged in self-improvement under the watchful eye of his commanding officer and as many of the commissioned warrant and petty officers as may be designated to act as pedagogues Enlisted men now taking correspond-

ence courses with outside institutions will receive assistance and encouragement, and those chief petty officers who are seeking promotion to warrant rank and the warrant officers who are trying for commissions will be formed into classes for special instruction to encourage those who are ambitious.

Every detail of this novel scheme has been worked out, and the order expresses the hope that the men will fully appre ciate the zealous efforts and kind y interests of their officers so that there will be increased efficiency in the fleet in all practical directions.

Eugenics Not "Sex Hygiene."

Permit me to voice a protest against such displays of misunderstanding as that of Bird S. Coler, who is credited in a New York dispatch printed in The Star recently with saying: "If the policy of teaching eugenics to children in the public schools is persisted in, the race will die out in 150 years." Eugenics is not taught to children in

public schools. Mr. coler obviously means sex hygiene, which is an entirely different thing. Eugenics is the science which seeks to improve the "stock" of the human race, principally by a selective birthrate. Of course, sex hygiene may be a factor in the birth-rate, but so are the milk supply, the cost of living and dozens of other economic, moral and social fac-

lic to misinterpret one of the noblest of constructive sciences. Unfortunately, Mr. Coler is not the only one who has made the error.

mother, MARY CARTER, who left us twentyfour years ago today, December 24, 1889, and of our uncle, ISAAC GIDDINGS, fourteen years ago, December 15, 1899, and of our aunt, BETSY GIDDINGS, one year ago, December 16, 1912.

BY THE FAMILY, HANNAH POOL, BIRTIE LEE, ERMA R. CARTER, BETTIE CHEAT

Just four years, and how we miss him;
Friends may think the wound is healed;
Little do they know the sorrow
That lies within our hearts concealed.
BY HIS LOVING WIFE AND NIECE.
